

Activity Shake-Up!

Discussion Questions

Recognize

1. Even though some events are unsafe for schools at the moment, there are plenty of activities still available! What forms of activities would you like to see more of this fall?
2. What are the main goals of traditional in-person activities? How can we replicate these same goals in smaller ways?
3. *School Spirit Agreements* are a great way to coordinate with campus administration on upcoming activities. What goals should you share with your administrators to help create better events?

Adapt

1. Many student activities are long overdue for a rebrand. What activities at your school need to be renamed and reworked?
2. Layering is an important strategy for creating COVID-safe activities. What traditional activities could you layer this year? How can you make them as safe and engaging as possible?
3. Amplified events are a great way to keep students safe while encouraging healthy competition. What could an amplified assembly/rally look like at your school? What competitions/events would you include?

Create

1. Which event example covered during the session did you best connect with? Are there any that you could like to replicate at your school?
2. What local businesses/organizations could you partner with for your events?
3. Using everything covered during our virtual event, what would “the world’s greatest event” look like at your school?
