

In Session Week 2

Activities as Celebrations

Successful activities can celebrate the special parts of your community. Using **virtual activities**, your challenge is to shine a light on the moments and heroes that make your school **special**.

Use the circles below to brainstorm various heroes, moments, and opportunities worth celebrating on your program's social media platforms:

Three large, light blue circles are arranged in a triangular pattern. The top circle is labeled 'Heroes', the bottom-left circle is labeled 'Moments', and the bottom-right circle is labeled 'Opportunities'. Each circle is empty and intended for brainstorming.

Heroes
